Dear Sir,

RE: Reply to public consultation paper for the proposed acquisition of CSL New World Mobility Limited by HKT Limited

With regard to the acquisition of CSL New World Mobility Limited (CSL) by HKT Limited (HKT) (Acquisition), China Motion Telecom (HK) Limited (CMTHK) wants to express its views.

CMTHK, a Mobile Virtual Network Operator (MVNO) using CSL network as host network since year 2002, has reached agreements with CSL, such as MVNO, and network sharing arrangements (Agreements). CMTHK has very close relationship with CSL.

After the Acquisition, in addition to HKT/CSL's commitment that HKT/CSL will continue to provide services now provided by CSL after the Acquisition, CMTHK DOES wish that the commercial terms in Agreements will not be changed by HKT/CSL unilaterally, as long as CMTHK doesn't violate the Agreements.

Furthermore, in December 2013, CMTHK has just purchased a new 4G core system which is provided by the same vendor of CSL's core network equipment. CMTHK DOES wish that CSL/HKT could fully support CMTHK's system migration to 4G network, as promised by CSL before, after the Acquisition.

Could you please consider above opinions and it would be very grateful if CMTHK could receive feedback from OFCA soon.

Yours sincerely,

For and on behalf of

China Motion Telecom (HK) Limited
