

Submission from Agriculture, Fisheries and Conservation Department

Subject : Review of Licence Conditions in Carrier Licences issued under the Telecommunications Ordinance

It is noted that the consultation paper proposed the removal of licence condition related to attachment to trees on Government land. Please be informed that felling, cutting, burning or otherwise destroying any trees or growing plants on Government land without lawful authority or excuse is prohibited under the Forests and Countryside Ordinance (Chapter 96). While we have no objection to the proposed removal of the above-mentioned licence condition, it is suggested that the licencees should be advised of the above prohibition.
