Re: Consultation on Arrangements for Assignment of the Spectrum in the 6/7 GHz Band for the Provision of Public Mobile Services and the Related Spectrum Utilisation Fee

Date: 27 July 2023

Dear Sir / Madam,

James Lung International Arts And Cultural Exchange Association has established in 2007. We works for the people who are in need in the city.

We agree on the proposed amendments to the HKTFA regarding the allocation of the 6425-7075 MHz band for mobile service with FS and FSS (Earth-to-Space) on a co-primary basis.

The assigning spectrum in the 6/7 GHz band by way of auction should be based in open application.

The Committee to choose the suitable applicants should be independent to all interests.

We think that the method of payment of SUF should be in annual instalments.

For more information, please feel free to contact us at: 37088658 °
