

# Spectrum Release Plan for 2018 – 2020

## Introduction

In accordance with the Radio Spectrum Policy Framework announced by the Government in April 2007, the Communications Authority (“CA”) will publish a spectrum release plan (“SRP”) to inform the industry of the potential supply of radio spectrum for the following three years. The SRP is updated every year on a rolling basis, or as required, taking into account the latest developments. Details of the SRP for 2018 – 2020 are listed below. It includes potential supply of spectrum which may be made available through open bidding, tendering process or other appropriate means.

## Spectrum Release Plan for 2018 – 2020

<sup>1</sup> “Earliest release date” refers to the earliest date when the spectrum concerned is expected to be available for release to the market through auction, tendering or other appropriate means, subject to the outcome of consultation and enactment of the relevant subsidiary legislation. It does not necessarily refer to the actual date of spectrum assignment.

<sup>2</sup> According to the decision of the CA announced on 19 December 2017 (see [https://www.coms-auth.hk/filemanager/statement/en/upload/429/ca\\_statements20171219\\_en.pdf](https://www.coms-auth.hk/filemanager/statement/en/upload/429/ca_statements20171219_en.pdf)), the right of first refusal for 80 MHz of spectrum in frequency bands 1720 – 1730 MHz, 1740 – 1770 MHz, 1815 – 1825 MHz and 1835 – 1865 MHz (“RFR Spectrum”) will be offered to the incumbent spectrum assignees administratively in the second half of 2018, while the auction of the remaining spectrum (together with any spectrum that may become available due to the decision of any incumbent spectrum assignee not to exercise their right of first refusal to take up the RFR Spectrum) will be conducted around end 2018.

<sup>3</sup> Two rounds of public consultation were completed in 2016 and 2017 respectively.

<sup>4</sup> The invitation for Expression of Interest was issued in early December 2017. The public consultation on spectrum allocation and the assignment arrangements will be conducted in Q2 2018.
